Playing both POD games and eBingo

(Note: eBingo games are not available on designated POD only electronic units.)

- To return to Session Bingo, press the **[Return to Bingo]** button.
- Your POD Game will be paused and you will be returned to Session Bingo when you're only one ball away from a Bingo on your Session play card, so that you can monitor your cards and prepare for a Bingo.
- If you complete the winning pattern, you **MUST** yell out **"Bingo"** to stop the game, and press the **[Bingo]** button. Be sure to yell loud enough so the caller knows the terminal has a winning card.
- Resume POD Game play by selecting the **[Return to Game]** button.

> **REMINDER:** If you choose to return to your POD Game when you're one ball away from a Bingo, the system will NOT return you to eBingo a second time. However, you will still be able to view the card closest to reaching a Bingo. If you get a Bingo, select the **[Return to Game]** button to go back to your winning eBingo card. If you complete a winning pattern, you **MUST** yell out **"Bingo"** to stop the game, and press the **[Bingo]** button.
